Dear Mr. Corcoran:

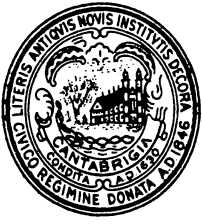

We respectfully request a preliminary appropriation of \$20,000.00 from the Parking Fund to the Traffic Department's F-8 account for the purpose of converting 3500 parking meters to a new type collection system. This new collection system was brought about by the existing collection agency going out of business. There is no other agency with that type of system available in the New England Area. This new system will enable many companies to bid on this contract.

Very truly yours,

George Teso
Traffic Director
