

City of Cambridge.

In Board of Aldermen, November 27th 1872

The Standing Committee on Roads and Bridges, would respectfully Report and recommend that whenever the East Cambridge Land Company will construct a good and substantial Draw Bridge, over Broad ~~North~~ Canal forty^{four} (44) feet wide with a clear draw passage of thirty two feet in width, built to the satisfaction of the City Engineer, that the City will accept and take charge of the same.

For the Committee
C. L. Harding

Accepted. Attest: Justin A. Jacobs. City Clerk
