STEAM COOPERAGE

OFFICE OF

HILL & WRIGHT,
Tanks and Vats of Cedar, Cypress, Pine, and Oak.

SHIPS' WATER-CASKS, BREAKERS, ROUND AND SQUARE TANKS, LEAD KEGS AND BUCKETS.
WHITE-OAK KEGS FOR ALL PURPOSES. STEEL HOOPS A SPECIALTY.

141 SUMNER STREET,

East Boston,

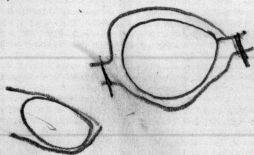

Nov. 16 1885

Portwell & Co
Cambridge.

We will make the Tanks for
Water carts of $1\frac{1}{2}$ in Cypress for \$30.00 each, of clear
White Pine \$40.00 delivered at Cambridge yard as
talked of this A.M. We think that the Cypress
will last longer, is harder more durable and
will not shrink & swell as pine will, when
it is wet and dry same as it must be on
a Water cart. Will make the tanks according
to dimensions taken this A.M. or will send written
specifications if you prefer.

Yours Truly

Hill & Wright
