

Report
Sub. Committee on granite-
blocks. Apr 2. 1888.

R+B

Report of Sub-Committee
on Stone Pavements.

Report of Committee on blocks
pavements.
Apr 3 / 88

The Sub-Committee appointed to consider the question relating to the paving blocks delivered by Samuel J. Sewell under his Contract to furnish paving blocks to the City during the Year 1888, have attended to their duty, and report: That having submitted the within Contract made by said Sewell to the City Solicitor, he has given as his opinion:

That by the terms of the Contract Sewell is obliged to furnish stone every block of which to be in every respect satisfactory to the Committee on roads and bridges and the Superintendent of Streets, and as the Stone delivered is not satisfactory to the Committee and the Superintendent, and ^{as} Sewell has been so notified, the City cannot be held to accept the Stone even if they are equal to a sample previously furnished.

For the Sub Committee
Henry A. Doherty
Charles Waugh.
