Cambridge City Council
City Hall - 795 Massachusetts Avenue
Cambridge, Massachusetts 02110

Subject: FILL TRANSPORTED TO WOBURN

Gentlemen:

As you requested please find enclosed records from the Board-of-Health of known truck-loads of fill that were off-loaded in Woburn for the time period you indicated.

Since these records are mostly field-work notes and may need some interpretation, we are willing to send the individual who recorded them for the Board of Health, to you for clarification if you feel it necessary.

If we can be of any further assistance, please feel free to call.

Sincerely,

John W. Rabbitt
Mayor

RE: RHW-Whitehead Institute
Excavated Material Cambridge

Dear Mr. Walker:

This is to confirm in writing my November 30, telephone conversation with your secretary verifying that the material that has and is being brought to the Woburn landfill from the proposed Whitehead Institute in Cambridge can be used as cover material at the Woburn landfill if your board so approves (see attached November 22, 1982 letter).

Please contact John Fitzgerald or the undersigned for further information.

Very truly yours,

Edward H. MacDonald

MEMO

12/1/52

Ed. Mc Donald - DEQE - called ^(10:17 AM) and

stated he approves material from
Towers Construction - to be deposited
at our land - fill for caves -
It will confirm above by
letter to the Board by the
end of the week.

F. O. Jones

Whitehead Institute Camb. Nov
(Electroplating Factory)

7:45 a.m.

Truck from premises Sullivan loaded with dirt smelling strongly of Petroleum Products of some sort arrived, showed me a letter from Turner Const stating that a Mr Ed Mac Donald from D.E.Q.E. & Mr Ed Walker had given them permission to dump material with a higher than 1 PPM content & such was to be contained until aeration brought the level below 1 PPM testing of same was to be done by Haley & Aldrich. material was from Whitehead Institute Cambridge not D.E.Q.E. - letter was not from D.E.Q.E. so I held truck until A. Beauchamp arrived at 8:00 a.m. Truck was turned back.

Dan Mahoney

12/1/82

A. Beauchamp informed me that the Board of Health F. Ryan, Dr Fitzpatrick, T. Ferlin, A. Beauchamp, C. Walker & Theresa Robinson held a meeting & informed him that we would accept fill from Whitehead Institute Camb. Each truck was to be accompanied by a slip signed by the inspector who o.k.'s the fill - The first truck arrived at 2:13 today no signature just an initial J J ? 18 wheeler
