EXECUTIVE DEPARTMENT
JAMES L. SULLIVAN
City Manager

April 11, 1977

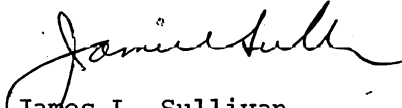

To the Honorable, the City Council:

With respect to the communication from Dennis DiPietro regarding the Marsh Post, please be advised that the Marsh Post was given permission to participate in the Metropolitan Fast Pitch League provided that they met roster regulations and did not also participate in the City League.

Thus this will not interfere with Barnyard League play as they will play all their games on either Saint Peter's or Donnelly Fields as they did last year and this will not be affected as to playing fields.

It was also felt that the addition of competition in this league will provide additional spectator entertainment at no additional cost.

Very truly yours,

James L. Sullivan
City Manager

JLS/b
