Dear Members of the City Council,

I am writing to offer my 100% support of your approval for the requested curb cuts required for the Forest City project at University Park to proceed. The evidence is overwhelming that this community needs and deserves a clean, modern supermarket. Forest City has been true to its word in securing a commitment to locate in this area.

Since the closing of Stop & Shop, I have seen poor and elderly neighbors and those with small children struggle to grocery shop. Everyone I know in this community is thrilled to see our hopes for University Park and especially a new supermarket finally come to fruition. I have been a homeowner in Cambridgeport for 25 years and work near Central Square. I have been carefully watching the revitalizing of Central Square and can't wait until the effort is joined by the new construction at University Park. The new Star Market should be a jewel in the crown for Central Square, Cambridgeport, Riverside and Area IV. We look forward to this bright, prosperous, well-lighted, and friendly addition to our community.

Please vote to approve the necessary curb cuts required by the project. Thank you very much.

Sincerely,

Denise K. Maguire
