January 27, 1969

To the Honorable City Council:

We of Save Our Cities wish to express our gratitude to the Mayor, City Council, Manager and Community Development Office for actively leading the city in the State House rally of January 25. We would appreciate it if the Council would extend our gratitude to the Police, Fire and Public Works departments for their generous donation of time and energy on the day of the rally.

We are convinced that, had the Council not taken action at this time, the Brookline-Elm route for the Inner Belt through Cambridge would have been immediately approved by Secretary Volpe.

We feel that the foresight of the officials of the City of Cambridge has averted a major crisis at this time. We shall continue to look to you for your cooperation and leadership in ensuring that the City of Cambridge and its various citizen organizations will have their fair share of participation and control in future studies and decisions regarding all transportation planning for the city.

Respectfully submitted,

Anstis G. Benfield
Secretary, Save Our Cities
