

City Engineer's Office,

HYDE'S BLOCK,

Cambridgeport, Dec 29th 1869.

To The Honorable the Mayor and Aldermen.
Gentlemen.

The City Engineer directed by an order passed Sept. 29th to prepare a profile of Main St. from West Boston Bridge to Harvard St. Ward 1 for the purpose of establishing the grade, under the direction of the Committee on Roads and Bridges on the part of this Board, reports as follows: Surveys have been made and profiles prepared which are herewith presented of said Main St. from the Easterly end of the Shawmut Iron Works Building on West Boston Bridge, to Harvard Square at Dunster St. the levels being taken upon the Southern rail of the most Northernly H. R. R. track. Said profiles also show the curb stones as now set upon each side of said street between said points, and a full red line representing the grades to be established, as determined upon by said Committee.

Respectfully Submitted

J. G. Chase
City Engineer
