To the Honorable, the City Council:

In response to City Council Order No. 10 of August 4, 1980, please be advised that the hydrant on Kennedy Road is connected to a 4" private main in the private way. The hydrant was not intended for fire protection and is only used as an air vent on the street. This main was installed in 1894. There is adequate fire protection adjacent to Kennedy Road.

Very truly yours,

James L. Sullivan
