To the Honorable, the City Council:

With respect to Council Order No. 6 of November 28, 1977 regarding Advent Corporation, please be advised that I have discussed the matter with Mr. Cobb, Vice-President and General Manager of Advent.

Mr. Cobb has been working with the State Division of Air Pollution Control and has entered into a contract for the design of a charcoal filter system which will resolve the problem at a cost of approximately \$10,000.

Installation of this system will require a minimum of two months. However, since Advent Corporation is a major employer in the City of Cambridge, and has certainly shown good faith in working with the State and in making this expenditure, I feel that this should not be construed as an unreasonable time span but, rather, Advent should be commended for their commitment to remain as a Cambridge Employer.

Very truly yours,

James L. Sullivan
City Manager
