To Whom it may concern:

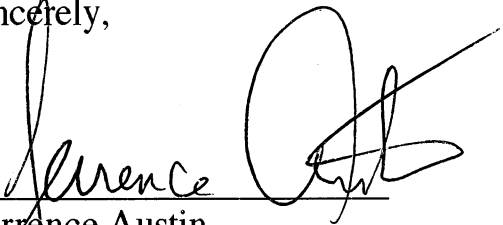

This is a request for permission to perform on April 20, 1995 on a sidewalk area in Harvard Square, specifically the sidewalk plaza at the intersection of Brattle and Mt. Auburn streets, across from Wordsworth Bookstore.

My group is a combination of two choral groups from Valhalla High School in San Diego, CA., consisting of approximately 30 members in each. Both groups will not, however, be performing simultaneously, therefore the maximum number of performers will be 30 at one time.

The details for this performance have already been discussed and arranged with the Cambridge Arts Council, and simply await your approval.

Thank you for your time.

Sincerely,

Terrence Austin
Director, Music Dept.
