City Hall, Office Of The Councilor

Cambridge, Ma. 02139

Dear Councilor Sullivan:

It was a pleasure speaking to you the other day.

Beginning 10 years ago Dr. Annis worked hard to find State funding for this crosswalk project, with notable success. He continued to push this project when interest appeared to lag. In addition, AS&E donated land in front of its building to the city to help in the beautification of Fort Washington.

Dr. Annis is particularly satisfied to see Cambridge residents including the handicapped, women with children and the elderly finally find safe access to the river front.

We are delighted that you are in favor of naming the crosswalk located at Fort Washington the Dr. Martin Annis Crosswalk. As you requested, I am enclosing a brief biography of Dr. Annis.

If you need any further information or if I can be of any assistance towards the completion of this project please do not hesitate to contact me.

Thank you again.

Warmest regards,

Colleen Toner
Secretary To Dr. Martin Annis
