Alfred E. Vellucci

Mayor

I am today announcing the appointment of the Cambridge Committee for a Better Community. It is my hope and belief that this group of public officials, educators, clergy and concerned citizens will be an ongoing working group who together will help to foster a greater sense of community and understanding within our City.

Our City is like any other densely populated urban area; we occasionally experience strife and misunderstanding due to conflicts of class, culture and race. Unlike other cities, we are not content to allow this strife and misunderstanding to ferment and grow.

During the Harvard Strikes and Riots of the late sixties and early seventies, I found a working group like this to be tremendously helpful in dealing with crisis and keeping further crisis from developing.

I am sure this group will serve the same functions. Their charge is to foster better relationships among citizens. They are to investigate any crisis that has a breakdown in human relations at its core. More importantly, they are to take steps as they see fit to keep crisis from occurring. Beyond this, the Committee is free to expand its membership as it sees fit.

I know they are good people. I know ours is a good city. I know these people will work together to make our city one that is known for love, understanding, tolerance and respect.

Very truly yours,

A handwritten signature in cursive script that reads "Alfred E. Vellucci".

Alfred E. Vellucci
