

We, the undersigned residents of Cambridgeport,
want to register our concern about the request of the California
Products Company to store chemicals in our neighborhood. We do
not want to be exposed to:

1. Danger of fire and explosions
2. Noxious odors
3. Heavy traffic on residential streets.

In addition, we request that the City Manager retain experts
to advise him and the License Commission of the impact that the
planned oil base paint plant will have on the adjacent neighborhood.
