Dear Sir:

Would you please forward to me a copy of the ordinance, if any, restricting the breeding of bees within the city.

There is a party raising bees on the corners of Perry and Magazine streets. Unfortunately, this property is directly across from an apartment building which houses a great deal of elderly people, some of which have health problems and there are also two elementary schools in the vicinity and I would like to know if there is anything that can be done about this.

Thank you,

Donna J. Ferguson
