Public hearings on the budget for Jan. 1, 1973 to June 30, 1974 are scheduled to begin this coming Thursday. Nevertheless, the only copies available to the public are in the Public Libraries. As this is a complicated subject requiring long study and group sessions with experts, a handful of copies stuck in the Libraries are inadequate.

Public hearings on a document essentially unavailable to the Public are a travisity on the democratic process and one that the Council ought not to let continue.
