Subject

Signs: Callender Item #2

152 Columbia Street

There has not been an application for a sign permit with the Building Department as of this date. During my inspection tours I noticed the projecting sign had been installed at the above address. I notified Mr. Perald Prosper that he was in violations of the sign ordinance of the City of Cambridge and that he would have to remove the sign. I told him of the procedure of getting a sign permit, which he has done. No permit has been issued for a projecting sign or any sign.

590 Massachusetts Avenue

On August 13, 1976 an application was made and a permit was issued for a flat sign at the above address and subsequently it was installed by a licensed sign hanger, Mr. John Thompson of Allston, Mass. There is no projecting sign at this address at the present time. The above permit was signed by Jeremiah F. Conway
