To the Honorable, the City Council:

With respect to City Council Order No. 1 of March 12, 1979 relative to replacing water mains in North Cambridge, please be advised that the Water Department, as a result of the recent water rate increase, is now preparing a Capital Improvement Program which will be submitted with the Water budget. The department's intentions are to replace water mains throughout the entire City that are inadequate. We are now developing a plan for this work and it will be implemented as funds are available.

Very truly yours,
