Order

authorizing sundry persons

on Shanks sheet and

Highland Avenue to lay

artificial stone sidewalks

May 5. 1876

Cambridge, 21 April 1896.

To the Honorable, the Board of Aldermen
of the City of Cambridge:

The undersigned respectfully pray that a hydrant for supplying street watering carts, located on the southerly side of Garden street just east of the entrance to the avenue in the Observatory grounds, be removed to a point on the same side of Garden street, about forty feet, more or less, westerly from the entrance to the said avenue.

It is respectfully represented that in the present location, the hydrant frequently tends to cause obstruction to the free and convenient access to the Observatory grounds by the said avenue; and that by its removal, this inconvenience will be obviated, and the waste water will flow naturally into the catch basin, instead of forming puddles which last all summer.

The President and Fellows of
Harvard College
by Charles F. Mason,
Bursar.

In petitions for EDGESTONES and for BRICK SIDEWALKS
the number of feet must be stated.
