December 11, 1996

Dear City Council members,

As a resident of Cambridge and the Cambridgeport community, I urge you to please grant the four curb cut petitions needed to continue the Forest City Project.

With so many supermarkets closing in urban areas, it is a welcome change to see a new one developed. Since the closing of the store on Memorial Drive, most people I know, including myself, cross the river into Allston for our food shopping needs.

Ten years ago, I worked in Harvard Square and would never walk alone at night in Central Square. Fortunately, things have changed since then. This Project will keep up the momentum by improving the street scene and increasing pedestrian activity.

The construction and operating of the store will also provide numerous jobs at a variety of skill levels.

In conclusion, I am strongly in favor of this project, and look forward to the opening of a full service star market in my neighborhood.

Sincerely,

Julie Washington
