Hearing
Oct 18
at 138

Cambridge, Sept. 22d 1892

To the Honorable, the City Council,

of the City of Cambridge.

"The undersigned respectfully pray that a flag-stone crossing may be laid across Brookline Street on the north side of Putnam Avenue and across Putnam Avenue on the east side of Brookline Street." The above being as set forth by petition to your Honorable Board on the 26th day of April last. The request at that time was made after due consideration upon the convenience to be derived from said crossings by the public in this locality, as well as for the convenience of the large number of electric car patrons resident east from Brookline Street in said Cambridge.

By subsequent action of your Honorable Board this view of the matter having been disregarded, I most respectfully renew the request for said crossings to be laid as formerly made, and as in duty bound &c

J. G. Chase

We the undersigned, owners of real estate with residents of Cambridge on Putnam Avenue and easterly from Brookline Street, concur in the benefit which may be derived from a crossing as laid across Putnam Avenue upon the west side of Brookline Street since the date of petition above referred to: but this crossing, does not in any manner afford the relief desired by your petitioners: we therefore most respectfully join in this petition by asking that said crossings may be placed as designated, and as in duty bound ever pray.

Ref. 15 supt

CITY OF CAMBRIDGE.

OFFICE OF THE CAMBRIDGE WATER BOARD,

CITY HALL.

Oct° 17th 1891.

To the Honorable Board of Aldermen
of the City of Cambridge. Gentlemen

The Water Board received the order passed by your Board Oct. 13th requesting, "the Water Board to put Edgestones on the Northerly side of Worthington Street in front of the pumping station". The Water Board would respectfully state, That so far as it can ascertain Worthington Street is still a private way. and the following vote was passed at the meeting held this day. "Voted, That the President be instructed to send a communication to the city Council requesting them to lay out and accept Worthington Street as a public street"

and we beg to suggest whether it would not be a better plan to order the "Committee on Roads and Bridges" to put in the Edgestones. and charge the expense of the same to the Water Board.

Very Respectfully
C. M. Kingsley Prest.
