Subject: Distribution of the Record of Decision for the Airside Improvements Planning Project

The Federal Aviation Administration (FAA) has completed a Record of Decision (ROD) on the Airside Improvements Planning Project for Logan International Airport. The ROD documents aircraft delay, air traffic control efficiency, aviation safety, and environmental factors considered in the FAA's decision to proceed with approval actions of certain Airside Projects, including a new unidirectional Runway 14-32.

The ROD is available as follows:

1. On the internet at: www.faa.gov/region/ane/rod.htm
2. By e-mail request for an electronic version: 9-ane-bosrod@faa.gov
3. By voice mail to request that we mail a paper copy: telephone 781-238-7609
4. For reading at the following libraries: Bedford Public Library; Boston public Library-Main Branch, Charlestown Branch, Dudley Branch (Roxbury), East Boston Branch, Jamaica Plain Branch, Orient Heights Branch, South Boston Branch, Tremont Street Branch; Watson Park Library in Braintree; Brookline Main Library; Cambridge Public Library; Chelsea Public Library; Cohasset Public Library; Concord Public Library; Dedham Public Library; Edgartown Free Public Library; Everett Public Library; Hingham Public Library; Hull Public Library; Lexington-Cary Memorial Library; Lincoln Public Library; Malden Public Library; Medford Public Library; Melrose Public Library; Milton Public Library-Main Branch; Nahant Public Library; Nantucket Atheneum; Quincy Public Library, Thomas Crane Branch; Provincetown Public Library; Revere Public Library; Somerville Central Library; Weymouth Public Library; and Winthrop Public Library.

7

If you would like an electronic copy of comment letters on the Final Environmental Impact Statement, which were not included as part of the ROD, please use the e-mail address or voice mail telephone number above.

Thank you for your interest in this important project.

Sincerely,

John Silva
Manager, Environmental Programs
