To the Honorable, the City Council:

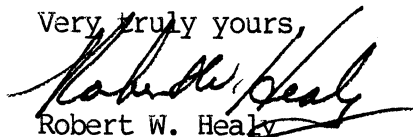

In response to Awaiting Report No. 41 regarding recruitment of new police classes, please be advised that this continues to be our goal.

However, while advance background checks can be done, updates of those checks must also be accomplished to ensure that no problems have developed since the original check.

More significantly, the physical exam and physical conditioning tests required by the Criminal Justice Training Council are valid for only 30 days. Therefore, advance prescreening for compliance in this area is impossible.

We will, however, accomplish as much pre-screening as possible to ensure timely recruit classes.

Very truly yours,

Robert W. Healy
City Manager
