Gentlemen:

My name is Francis J. Ryan
and I am a resident and Property Owner in the Hunchbee
section of our city.

I have lived in Cambridge most of my life
and love this city but I must confess that I am disappointed
and discouraged at this body of men and women which make up
the city Council.

When after 10 ballots after their last meeting a mayor
was not elected. Now there is no excuse for this action. They should
get aside their pettiness on who will be mayor and get down to
business at hand and elect a man or woman who will do credit to our
city whether it will be Mr Sullivan or Mr Danahy or Mrs. Graham yes
Mrs Graham! Well now gentlemen its up to you. If it may you choose
a mayor at the next meeting or you will make our fine city a
sagging stock in the eyes of people all over the country
