Cambridge City Council
City Hall
Cambridge, Mass. 02139

Dear Councilpersons:

For years I have suffered in smoke-saturated restaurants when all I wished was to enjoy the taste of the food I was paying for. I was delighted to hear that someone (the Council) was finally asserting the right of the public to breathe fresh air in public places. I am appalled at the possibility that Mayor Sullivan may manage to rescind your action. I beg you to "stick to your guns".

It's a free country, but that doesn't extend to permission for my neighbor to spit on my shoes; how can he be permitted to pollute the air I must breathe?

Sincerely yours,
Minam Z. Nicoli

City of Cambridge

Comm. received from Miriam Nicoli, 12 Holly
Avenue, relative to the Ordinance on Smoking
in Public Places.

In City Council,
