Council Members:

I send to you my commendation and thanks for voting to declare
Cambridge a "sanctuary city."

Although I live in Medford, our church is St. Mary's Orthodox
Church, in Cambridge, where my husband is priest and I must say
that I am happy to be a part of Cambridge, if only in a small
way.

I hope that this is only a beginning of an awakening of our
American ideals and that this decision will be known through-
out the United States as an example of a new attitude.

Thank you for renewing my confidence in leaders in governing
positions. Keep up the good work!

Respectfully,

Francine Phelan
