Re: Status of rehab of the former Maryknoll Building

Plans have been submitted by the contractor-architect on the building and we are preparing to go out on bids. However, the preliminary cost estimated of the architect seems to be too high and we are working at paring this down or arranging the bid document to request alternate items in order that they can be separated if necessary.

Bids should be out by December with the bid award tentatively estimated for late January. Construction could then begin in February or March depending on permit approvals and plan review of the contractor's plan of construction.
