to amending the ordinances,
in relation to moving buildings*

Sept 18. 1894

City of Cambridge.

In Board of Aldermen, December 18th, 1894.

The Committee on Rules and Orders of this Board,
which was requested to report such amendments to the Regulations of the Board of Aldermen, with reference to moving buildings as will require a certificate from the park commissioners, that such moving can be done without injury to trees,

Reports

Recommending the adoption of the accompanying amendment to the said Regulations. In considering the subject matter upon which it was requested to report, the committee also considered the possible effect of a fifth condition imposed upon licenses^e for moving buildings by a recent vote of the Board of Aldermen. This fifth condition is as follows, viz:-
Fifth.-The licenseeⁿ shall reimburse the city for any expenses incurred by it by reason of a supervision of the work by an employe of the street department.

The City Solicitor was consulted, and in view of his opinion, ~~which is hereto annexed~~, the committee have thought it wise to omit this fifth condition in the proposed amendment.
