Council Order No. 1 - April 24, 1978
Street Construction Repairs for Sewer Construction

Please be advised that all streets disrupted and excavated by the various sewer contractors in the City of Cambridge in the East Cambridge area, North Cambridge area, in and around the Green Street area, and any other streets excavated by the Federal Aid Program will be repaired by the sewer contractors after the completion of all underground work. The cost of this pavement repair work has been included in the budget for the sewer construction projects with the Federal Government paying their appropriate share for the work.
