

March 20. 1885.

John W. Hammond &

Sir,

also Henderson wishes
information as follows: by the terms of the
contract with John W. Donald, he was
to have his final payment in 30 days from
the completion of the work on the City Stable.

The Stable was accepted Feb 20, but
since then the plumbers have been at
work, and the entire work is not yet com-
pleted. Would a lien on the stable,
for any claim for any portion of the work,
beyond plumbers hold good for 30 days
after the completion of the plumbing?

Yours, John W. Duffer.

J. W. HAMMOND.

Dear Sir,

I should rather have
a talk with Alderman Anderson
or with some person fully acquaint-
ed with the details of this matter
before expressing an opinion
or indeed before forming any
opinion. The enclosed statement
is not full enough.

I will meet Alderman H. or
the Committee at any time and
place which may be appointed.

Yours truly
