

**PETITION TO THE CAMBRIDGE CITY COUNCIL RE:
 MODIFICATION OF THE HARVARD SQUARE OVERLAY DISTRICT
 THE BANKS STREET AREA STEERING COMMITTEE / MAY 1985**

We the Undersigned think that the Harvard Square Overlay District, in its present form, does our neighborhood more harm than good. We respectfully request that the City Council:

- (1) immediately delete the paragraph (11.55) which eliminates setback requirements, and
- (2) make a thorough review of the Overlay District concept, including the standards which are used to make judgments about projects, and the process and people involved in making those judgments.
