

TO: CAMBRIDGE CITY COUNCIL

We the undersigned concerned citizens of Cambridge object to the creation of the office of Police Commissioner. This attempt to politicise the Cambridge Police Department will only lower the morale of our Police Officers. The Police have performed their duties satisfactorily in the past with politics kept to a minimum.

The appointment of a Commissioner and his expensive staff, subservient to those who appoint him, will not only reduce the efficiency of a well run police department, but will also add unnecessarily to an already onerous tax burden.

The importance of this issue requires a referendum whereby the voters can express their wishes.
