Re: Resolution on behalf of Career Awareness Program

Thank you for the unanimous vote of approval of the resolution submitted by Councillor Reeves. The success of the Career Awareness Program was a result of the support and cooperation of many Cambridge citizens. The feedback has been very positive and we intend to continue it next year.

The real value of programs such as this will be seen in the future secondary course selections, post secondary course selections and career choices students make.

Your recognition was important to the staff and students. It is comforting to know the Cambridge City Council recognizes and values the work of their public schools.

Thank you again.
