Dear Arthur:

I would like to take this opportunity to express our appreciation and congratulate you on your timely submission of your community's Schedule A. The Schedule A data has become even more important over the last year since the State Legislature and Administration have begun to use this data for important policy decisions in relation to the distribution of local aid.

By filing Schedule A on time, you have demonstrated accountability for your community and ensured that the most current and therefore, best data, may be used to evaluate your community's financial needs.

The Bureau of Accounts has worked with the Federal Bureau of Census, Local Aid Committee and other Local Officials to improve the content and format of Schedule A for Fiscal 1986. If you have any suggestions for improving Schedule A, I would be happy to hear from you.

Sincerely,

Kenneth A. Marchurs
Director of Accounts
