

To the Honorable, the City Council
of the City of Cambridge:

The undersigned respectfully pray

for permission to cross Mill Street with 1 - 24", and
Holyoke Street with 2 - 8" glazed tile surface run-off
drains, as indicated on attached blueprint marked Print
#114, entitled "Surface Run-off Drains for New Gymnasium,
Housing Unit #1, etc., dated Oct. 16, 1929.

Request was made to the City Engineer for
permission to enter the regular City sewers with these
connections, but he advised that these sewers were already
greatly overloaded and therefore refused to grant
permission. He stated that it would be necessary for the
College to construct its own drains to the river. There-
upon, the plan shown on the drawing was prepared in
accordance with the suggestions of the City Engineer.

Respectfully submitted

PRESIDENT AND FELLOWS OF HARVARD COLLEGE

PETITION

of *President & Fellows of Harvard College.*

for *license to cross Mill St.*
with one 24" and Holyoke St. with
two 8" glazed tile surface run-off
drains

to
Oct. 18 1929

OCT 22 1929

In City Council, OCT 22 1929 192

Referred to the Committee on

City Eng.

Attest:

Frederick H. Burke

City Clerk.

City of Cambridge

In City Council

November 12, 1929.

ORDERED:-

On the petition of the President and Fellows of Harvard College that the Superintendent of Streets be authorized, under the provisions of the City Ordinances, to grant a permit or license to said Corporation to lay, maintain and use 1 - 24" drain across Mill Street and 2 - 8" drains across Holyoke Street all as shown on plan marked Print #114, entitled "Surface Run-Off Drains for New Gymnasium, Housing Unit #1, dated October 16, 1929, and on file in the office of the City Engineer. Said permit or license to be granted upon the following conditions:-

First:- The work in the streets not to be unnecessarily delayed nor the public travel unnecessarily interfered with during the construction of said drains. The amount of space, time, manner etc., of occupation of the streets to be arranged with the Superintendent of Streets and the City Engineer.

Second:- The refilling and replacing of the material around and over said drains to be done so as to prevent as far as possible all settlement of the surface. The surface of the public streets which have been disturbed or injured by the construction of said drains are to be repaired and repaved, in a first class manner, with the same class of pavement that existed on the streets before the work was begun. All such work or repairing or repaving to be done by the street department of the City of Cambridge at the expense of the College.

PROVIDED: That, before proceeding to excavate for the purpose of constructing said drains, as hereby authorized, the licensee shall file with the City Clerk, a satisfactory bond in the sum of Five Thousand

City of Cambridge

- 2 -

In City Council

Dollars (\$5,000) conditioned to save harmless the City of Cambridge from all claims for damages arising from the construction, maintenance and use of said drains as authorized under this order. Said bond to be satisfactory in form to the City Solicitor and approved by the Mayor.

PROVIDED:

Further that the permit or license hereby granted shall be subject to revocation at any time at the pleasure of the City Council for the time being.

NOV 12 1929

Adopted by the affirmative vote

of 12 members.

Frederick H. Burke City Clerk.

Executive Department NOV 15 1929

Approved

Edward W. Quinn
Mayor

City of Cambridge,

NOV 14 1929

Presented to the Mayor
for approval.

Frederick H. Burke
City Clerk.
