To the Honorable, the City Council:

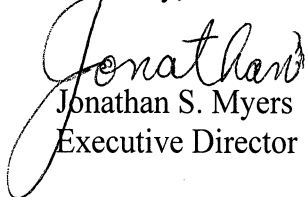

Please accept this letter of appreciation that is long overdue. Last year we ran Career Awareness Days with a fair number of the elementary schools. Many people from the business community as well as many spheres of city government participated. City administrators, including Councillor Tim Toomey (in his role as State Representative) Superintendent Bobbie D'Alessandro Harold Cox and Jill Herold served as hosts or keynote speakers.

Nevertheless, there is one city department that I would like to especially acknowledge for their participation, it is a city department that in my view can be overlooked for its positive contributions. The Cambridge Police Department participated in all five of last years Career Awareness Days. At each of these events, two or three officers appeared and worked with the students during the course of the morning. The attitude of the officers at these events was truly phenomenal. The officers brought a truly upbeat perspective, and appeared to enjoy working with the kids. Young people in return truly seemed to appreciate their role.

Please accept my gratitude for their participation. You, the City Manager, Commissioner Watson, Sergeant Sugrue, and all who participated need to be thanked. Commissioner Watson has also appeared as a keynote speaker on two occasions.

Thank you very much for your time and consideration.

Sincerely,

Jonathan S. Myers
Executive Director

P.S. Please note for technical purposes that Linda Hiltz is currently serving as a consultant to TII, and that Harvard and Genzyme's board reps are turning over.
