CITY OF CAMBRIDGE.

City of Cambridge.

OFFICE OF THE CITY ENGINEER, CITY HALL.

September 5th, 1889 92.

Honorable Board of Aldermen of the City of Cambridge,

Gentlemen:-

It seems
desirable that the grade of a portion of Ellsworth Avenue near Cambridge
Street and also the grade of Greenough Avenue should be altered. Both
streets have been filled and occupied above the grade established on the
plans. I therefore recommend that the grade of each be reestablished in
accordance with the red lines shown on the profiles submitted herewith-

The grade of Adams Street, and also of Grove Street from Adams Street
to Cushing Street, has never been established. I submit profiles of the
same showing grade proposed, for your action.

Very respectfully,

L. M. Hastings

City Engineer.
