RE: CENTRAL SQUARE HOLIDAY LIGHTING

I was extremely gratified to receive the attached proclamation from the Cambridge City Council praising the efforts of our Association providing holiday lighting.

The City of Cambridge has been very generous towards Central Square in many respects, and we thank them for both the thoughtfulness in sending us this proclamation as well as their financial generosity. At the same time, we are pleased that we have provided the financial support to pay for all of this new lighting within the past several years. We have received so many compliments, and have found it to be a boost to morale for our neighbors, the business community, and visitors, that we wish to continue to improve, especially this year.

In plain language, we need some financial assistance from all who can afford it. We have raised approximately \$4,000 out of the \$10,000 for this year, and need an additional \$6,000. The financial assistance from each and every one of our members, would be most welcome. Altogether, we will have paid a very substantial sum of money, but feel that it has been an excellent investment for all. To hear the expressions of praise from so many people in the past, has been most gratifying and we hope to continue.

Please send your contribution directly to:

My best wishes to everyone for a Happy and Healthy Holiday Season.

Sincerely,
