

To the honorable, the City Council of the City of Cambridge.

The undersigned, abuttors upon Watson St. Ward Four, having knowledge of an application to your body for the narrowing of said street, respectfully remonstrate against any change in the width as now laid out, representing that the street was laid out more than forty years ago, as a forty foot street, and that the Council of last year, after long and impartial hearings, verified and confirmed that width, and that any action at this time by your honorable body, nullifying its former decision, would but be a retrograde movement, and detrimental to the interests of your petitioners and the public at large
