Cambridge City Council
795 Massachusetts Avenue
Cambridge, Mass.

ATTENTION: Mr. Healy

Dear Councillors:

My interest continues, indeed, increases, in the Quincy Street sidewalk at the Harvard University-Slotnik Construction Company site. Despite the action taken in Council on both November 17 and November 24, the sidewalk remains this morning in the same shape as on November 17. A new urgency is given the situation by the arrival of the snow season.

Before appealing to you on November 24, I had already held two conversations with Harvard Planning Office and one with Slotnik Construction with reference to that sidewalk, to no avail. I am willing to speak again, however, to anyone in the Harvard University administration on this, and so are my colleagues among the students and staff of Harvard University Graduate School. But perhaps contact with Harvard University and/or Slotnik Construction on the part of the City (the Manager; the Traffic Director; or the Prosecutor) would be even more quickly effective.

Sincerely,

David Eaglesfield

David Eaglesfield
