Subject Route #2 Relocation Study Presentation to City Council by State
Department of Public Works

With the approval of City Manager James L. Sullivan, we have rescheduled from March 3 to March 24 the Route #2 Relocation Study presentation to the City Council by the State Department of Public Works.

This has been done in order to provide more time for preparing the presentation, and for background briefing of the City Council by the Community Development Department.

The additional time is made possible by a delay in the State's schedule for completion of the final report.
