To the Honorable, the City Council:

In response to City Council Order No. 4 of January 26, 1987, I have instructed the Acting Commissioner of Public Works to insure that the sidewalks abutting public property throughout the City be cleared of snow and ice this winter. In addition, I have taken several steps to notify the general public of their obligation to remove snow and ice from sidewalks abutting their property: a reminder has been posted on the Cable TV Municipal Access channel; a press release was published in the Cambridge Chronicle and the TAB during the week of January 12; notices have been published in recent newsletters of the Chamber of Commerce and the local business associations; and a reminder will be sent out with forthcoming Water bills. The Cambridge Police have also investigated several complaints regarding impassable sidewalks and have been instructed to take the appropriate action.

Very truly yours,
