To the Honorable, the City Council:

In response to Awaiting Report No. 3 (Council Order No. 16 of September 20), please be advised that Mr. Conrad C. Fagone, Commissioner of Public Works, reports that the sidewalks on Mount Pleasant Street have been surveyed and he agrees that they are in need of repair. However, the residents of Mount Pleasant Street have demanded that the sidewalks be restored with brick. It is impossible at this time for the Public Works Department to restore the brick sidewalks on this street. Hopefully, if funds are available, they will try to do this work next year.

Very truly yours,

James L. Sullivan
City Manager
