

CITY OF CAMBRIDGE
INTEROFFICE CORRESPONDENCE

To James L. Sullivan, City Manager

Date February 10, 1981

From Paul E. Healy, City Clerk

Reference

Subject Use of salt on city streets.

At the City Council meeting of February 9, 1981 the City Council was in receipt of a communication from Everett R. Kennedy, Assistant Commissioner of Public Works regarding the use of salt for winter maintenance.

The City Council has requested that the City Manager report on the procedure being followed and the amounts used in salt distribution.

Your kind attention in this matter will be greatly appreciated.

RE: Use of Salt for Winter
Maintenance

The Commissioner is in receipt of a City Council Order requesting more judicious use of salt during winter operations, particularly those as might cause damage to trees and other plant life. Following my understanding of our policy regarding the use of salt, I am asking you be certain that a minimum amount of salt be used, necessary to insure the safety of our citizens traveling on the city streets. All other uses of salt, for whatever reason, must be eliminated.
