Roosevelt Towers Tenant Council

June 16, 1969

Resolution

The Cambridge City Council is concerned that there be adequate recreation space for the young children in the area of Roosevelt Towers. We have learned that the Hyde Shoe Company is planning to construct a warehouse and office building just across the Cambridge City line into Somerville only 6 feet 6 inches behind Roosevelt Towers. We request that the Hyde Shoe Company and the City of Somerville work together to make available a portion of this land, abutting Roosevelt Towers, for recreational use of the scores of young children in this area.
