RE: Council Order #36, Dated 2/11/91  
Fire Hydrant on Speridakis Terrace

On February 15, 1991, the Cambridge Water Department tested the only fire hydrant on Speridakis Terrace. Our crew found that the hydrant provided water flow.

We would be happy to speak with Councillor Walsh and/or his constituents about the hydrant in question. We are concerned that residents report that the hydrant has not been in working order for some years when our test shows that the hydrant flows.

To The Honorable, The City Council:

In response to Awaiting Report Item No. 31, regarding complaints from residents on Speridakis Terrace, relative to the problem with the fire hydrant, please find attached a response received from Nancy Barnes, Managing Director of the Water Department.

Also, with reference to the removal of the mail box from the corner of Cpl. McTernan, this office has been in contact with Joanne Killackey, Consumer Affairs Officer for the United States Postal Service, who is happy to report that the mailbox will be replaced within the next several days.

Very truly yours,

Robert W. Healy  
City Manager
