Special Sewer Assessment.

In the matter of the petition of Carl M. F. Peterson, Supt. of Buildings and Power for M. I. T., for permission to connect their new Auditorium at 141 Amherst Street to the common sewer in Amherst Street, which premises have not already been assessed for sewer benefits, I recommend that said M. I. T. be granted such permission on payment of the usual assessment, which in this case amounts to \$867.20.

I am enclosing herewith a petition signed by Carl M. F. Peterson, Supt.

Please transmit to City Council for necessary action.

Yours truly,

Dear Sir:

We request permission to make a sewer connection on Amherst Street for the new M. I. T. Auditorium in accordance with our drawing MC-111 dated Revised 8-13-53, one print of which is enclosed herewith.

It is our understanding that there will be an assessment charge for using this sewer, based on the area of the building which is 43,360 sq.ft.

The George A. Fuller Company, 70 Massachusetts Avenue, Cambridge, is to be billed for these charges.

We understand that assessment charges are made by the City Council and cannot be billed out until after the action of the Council. We would like to start this work at once so that it would be completed before school starts, with the understanding of assessment and payment as noted above.

Sincerely yours,

Carl M. F. Peterson
