OFFICE OF THE CITY ENGINEER,
CITY HALL.

Cambridge Sept 18th 1888

To the Committee on Roads & Bridges
Gentlemen

The undersigned would respectfully report that he has made an examination of the route proposed for the removal of the house on State St. owned by Asa Lamson - Namely, through Front St. Lafayette Sq. Columbia St. Harvard and Cherry Streets. The first obstruction is found in the projecting limbs of an Elm tree opposite numbers 26 & 28 Columbia St. which, appears to me, would have to be partially cut off possibly not to injure the tree. There is no other obstruction until Cherry St. is reached where there is a medium sized Horse-chestnut tree, which would have to be removed entirely. There is nothing else which would be materially injured. I think the Com^{tee} were misinformed as to the location of the lot on which the house is to be moved - it being lot No 52 instead of 42 to which it would be impossible to reach without cutting down many more trees.

Respectfully W. S. Babson. City Engineer

CITY OF CAMBRIDGE.

In Board of Aldermen, Sept. 18. 1888

Standing
The Committee on Roads and Bridges

to which was referred the petition of Asa C. Lawson
asking for a license to move a building from No. 3½
State Street, through Front Street, Colambin, Harvard
and Cherry Street, to No. 42 on said Cherry Street,

Reports,

~~Recommending~~ That
at the request of your committee, the City Engineer, has
examined the route through which it is desired to move the
building aforesaid, and the accompanying report of the result
of his examination is herewith transmitted. Your committee
has also been over the aforesaid route, and is of the opinion
that the license asked for should not be granted. It is
therefore recommended that the petitioner have to withdraw.

For the Committee,
