RE: ~~Enclosed~~ Council Resolution

As you will note, I put Al's name on it. It's now in your custody to work with as you and the troops judge appropriate. I leave it to you to advise Jack Gottlieb of its content so that I don't overstep my bounds regarding it.

I met with Jack early this morning and in a quiet way have tried to include the essence of what the Council should support in a general way without getting too specific. Being too specific could work against rather than for.
